

LANDA®
PRESSURE WASHERS

Since 1969

North America's **LARGEST** Manufacturer of
Industrial **PRESSURE WASHERS**

VHG

Compact, Natural Gas-Heated Hot Water Pressure Washer

- Up to 5 GPM, 3000 PSI
- Rugged Dual Belt-Driven General Pump
- Schedule 80 Coil
- Stainless Steel Option
- LP Conversion Option

■ Top-of-the-line **Tuff-Skin Hose**, with 24-inch hose guard for burst protection and swivel swedge fitting for twist-free operation, has seven times the abrasion resistance as other high-pressure hoses (hose reel and bracket are optional).

■ Many **Safety Features**, including a rupture disk and thermal pump protector to prevent the build up of excessive pressures or heat.

■ High-efficiency burner, with fused transformer, has **Millivolt Ignition** with standing pilot light; electronic ignition is optional.

■ Extra-durable **Heating Coil** made of leak-free, cold-rolled, Schedule 80 steel pipe with five-year warranty.

■ **Hinged Side** allows for quick access to components without removing the cabinet.

■ Rugged **Steel Frame** (shown with stainless steel option) painted with an epoxy powder-coat finish for all-weather protection.

■ Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for owner and operator protection.

■ Overload protected **Control Switches** are conveniently located for ease of operation.

■ Brass, anti-syphon **Detergent Metering Valve** locks out air and dispenses precise amount of cleaning agent.

Shown with optional stainless steel and hose reel

■ Industrial-strength **Electric Motor** with multiple voltage options and thermal overload protection.

■ Rust-free, polyethylene **Float Tank** with stainless steel inlet filter and low-turbulence float valve allows for high-pressure application of detergent.

■ Insulated, fatigue-free **Trigger Gun** with chrome-plated, dual-lance **Variable Pressure Wand** make for easy cleaning and adjusting the pressure while washing.

■ Industrial-grade, dual belt-driven **High-Pressure Pump** has a tri-plex, forged brass head with a five-year warranty.

■ Four quick-couple **Nozzles** are made of hardened stainless steel and mounted for ready access.

■ **Consolidated Plumbing** has put both the water supply inlet and quick-couple, high-pressure outlet next to each other for ease of installation.

■ Cast-iron, bushed-bore **Pulleys** with two-bolt adjustment means long life and easy maintenance on the high-pressure pump.

- LP Conversion Option

WHY CHOOSE THE VHG

The VHG, with its fuel-efficient burner and vertical hot water coil, is the most compact natural gas hot water pressure washer on the market today yet is packed with **LANDA** quality.

COMPACT: The VHG is only 24-inches wide, 53-inches long and stands 48⁵/₈-inches high, an amazingly small footprint for all of the features and quality it possesses.

QUALITY: The VHG boasts many of the industrial-grade components and safety features that have set apart **LANDA** pressure washers as the most dependable and safe in the industry.

For instance, the VHG burner comes with a fused transformer and Robertshaw Millivolt Ignition with standing pilot light (electronic ignition is optional). The heat is retained in **LANDA**'s carefully crafted heating coils made of leak-free, cold-rolled, half-inch, Schedule 80 steel pipe.

Besides being certified to the rigid UL-1776 safety standards for pressure washers, the VHG is manufactured in a state-of-the-art plant certified to ISO-9001 quality manufacturing procedures.
